At White Lotus Home, we strive to give every customer the products that they dream of. Custom work is encouraged, and this form will make the process of developing a new product either for your personal use or for a private label fast and easy. Please be aware that we need at least 3 weeks of lead time for any new product. Custom designing is priced at \$65 an hour with a minimum of three hours. The more specific you are in filling out this form, the faster we can develop your product. If design time exceeds three hours, we will contact you before we proceed. Samples, pictures, and sketches are very helpful to our design team- these may be sent to our manufacturing facility in New Brunswick or emailed to [info@whitelotushome.com](mailto:info@whitelotushome.com). This form does not apply to custom sizes of products we already make such as mattresses, pillows, cushions and covers. Our sales team will gladly assist you with quotes and timeframes for those items. This form specifically applies to new products that we have never made before such as bedding accessories, curtains, stuffed animals, etc.

Please complete this form and mail, email, or fax it back to us at 732-828-4159. Feel free to call us at 732-828-2111 or email [info@whitelotushome.com](mailto:info@whitelotushome.com) if you have any further questions.

White Lotus Home offers a variety of materials that you may work with on your new product. We can send you fiber and fabric samples at your request. Our fibers and fillings include green cotton, organic cotton, wool, kapok, organic buckwheat hulls, and evergreen foam. We carry a wide variety of natural and organic fabrics and we can usually find something specific from our suppliers if needed.
